

Environmental Policy

Viglen is a major IT solution supplier to the corporate, education and public sectors. Specialising in the design and implementation of quality, bespoke IT solutions.

Sustaining the environment in which we live and operate is part of Viglen's core values and is an important part of how we conduct business.

In this policy Statement Viglen commit to:

- Comply with all relevant environmental legislation, regulations and approved codes of practice
- Protect the environment by striving to prevent and minimise our contribution to pollution of land, air and water
- Keep wastage to a minimum and maximise the efficient use of materials and resources
- Manage, recycle and dispose of waste in a responsible manner
- Provide training for our staff so we all work in accordance with this policy and an environmentally aware culture

- Communicate our environmental performance to our staff and other significant stake holders
- Develop our management processes to ensure relevant environmental factors are considered
- Define objectives, targets and monitor to continually improve our environmental performance

Viglen's environmental policy statement is regularly reviewed and updated where necessary. Viglen's management endorse these policy statements and are fully committed to their implementation
