

FileMaker Volume License Agreement for Education

Education Volume License Agreement Programme

The Education Volume License Agreement (EVLA) programme is a convenient way to provide your organisation with the FileMaker software it needs - while recognising significant savings. License only what you require; mix and match products, platforms, and upgrades and add additional licenses at anytime in any quantity you choose.

Why Volume Licensing?

- The FileMaker Education Volume License Agreement (EVLA) is a cost-effective, transactional license programme with no signed contracts. You may order what you need, when you need it and for the exact quantities you desire starting at a minimum of 10 software licenses.
- Volume discounts start with as few as 10 seats for your initial purchase of FileMaker products.
- FileMaker Pro, FileMaker Pro Advanced, FileMaker Server, FileMaker Server Advanced, and FileMaker Mobile products are cross-platform and available for purchase under the EVLA programme. Mix and match platforms, products, upgrades and new seats to help you meet the tier discount levels. (Proof of license for qualifying previous versions of FileMaker products is required on all upgrade purchases.)
- One year of Maintenance is automatically included on FileMaker Pro 9, FileMaker Pro 9 Advanced, FileMaker Server 9, FileMaker Server 9 Advanced VLA orders. FileMaker Mobile is not eligible for Maintenance. Only FileMaker Pro has tiered discounts, all other products have a single VLA Price.
- Maintenance can be renewed in one or two year terms. Thus, you can stay current on the latest FileMaker technologies making budgeting for software renewals easier. Additional years of software maintenance are also available. Maintenance can also be purchased for previous FileMaker licensing orders. Contact your FileMaker licensing specialist for details.
- No minimums are required for adding additional seats to your existing EVLA license. Simply reference your previous license agreement number and purchase as many additional seats of any FileMaker products as you need.
- Customised EVLA certificates are provided for each license transaction. The non-transferable EVLA certificate details the terms and conditions, grants the right to use the number of software licenses purchased and acts as proof-of-purchase in future transactions.
- One EVLA installation code is issued for all seats of FileMaker Pro on a single order. FileMaker Pro has a network install option for EVLA customers.
- All FileMaker licenses are now delivered via Electronic Download. Licensing orders include the software product and electronic documentation as PDF files. CDs and printed manuals are available at an additional charge.

FileMaker Pro 9 Education		New Licenses (includes one-year Maintenance)		Upgrade Licenses (includes one-year Maintenance)		Maintenance (add'l/renewal one-year)		Expired Maintenance (one-year)	
Tier	Seat Qty	SLP	SKU	SLP	SKU	SLP	SKU	SLP	SKU
