

Microsoft Campus Agreement

The Microsoft Campus Agreement is an annual “subscription” programme (i.e. rental) for Higher and Further Education customers. It enables the University/College to run a number of Microsoft applications for an annual fee based on the total number of eligible staff (FTEs) (working 200 hours or more from following grades: Academic, Academic Related, Technical, Clerical) in the institution.

Customers have the option to sign a one or three year agreement.

Campus Agreement Eligibility

Campus Agreement is open to Higher and Further Education institutions. Institutions can participate either on a University-wide basis or on a Departmental basis – as long as they meet the 300 unit minimum levels for Level A.

Government Training Colleges (RAF, Army, Royal Navy, Training Colleges) can participate in a Campus Agreement as long as the software is used for classroom training only.

Departmental Campus Agreement

Departments can sign individual Campus Agreements or aggregate together to meet the 300 unit minimum levels.

How to participate in Campus Agreement

Campus Agreement is based on counting the total number of eligible staff (including Students employed by the institution) from the following grades:

Academic & Academic-Related; Clerical; Technical

Part-time staff from the grades above, working more than 200 hours per year must also be counted.

If visiting Professors have access to institution’s computers and institution want them to be licensed under Campus Agreement, they should be added to the staff count. If customer has ancillary staff that they wish to give work at home rights to then they must also include these in their FTE count.

Pricing is then calculated as:

Eligible staff count x annual fee per product(s) = Campus fee per annum
Server count x annual fee per product(s) = Campus fee per annum

Student Use

Students can use the software on any machines, owned or leased by the institution that reside on any of the institution’s premises. Students are not permitted to have copies of Campus Agreement software on personal machines off Campus (i.e. Halls of Residence/Home) – **unless** the institution has taken up the Student option.

To find out what we can do for you, please contact us via the Software Quotation page.

Adobe Software

Whatever you're planning this summer in terms of Adobe software purchases/implementations, we can help. As an Adobe CLP, TLP and Education Box Reseller, we can provide pricing on the whole range of Adobe software including:

- Acrobat 8.0 Pro
- Acrobat 8.0 Std
- After Effects CS3
- After Effects Pro 7.0
- Audition 2.0
- Authorware 7.0
- Captivate 2.0
- ColdFusion Enterprise 7.0 (2-CPU)
- ColdFusion Standard 7.0 (2-CPU)
- Contribute CS3
- Design Premium CS3
- Design Standard CS3
- Director 10.0
- Dreamweaver CS3
- Fireworks CS3
- Flash Pro CS3
- Flash Media Server 2.0
- FrameMaker 7.1 Unix
- Freehand 11.0
- Illustrator CS3
- InDesign CS3
- Lightroom 1.0
- Master Collection CS3
- Ovation 1.0
- Photoshop Elements 5.0
- Photoshop Elements 5.0 + Premiere Elements 3.0
- Photoshop Extended CS3
- Premiere Elements 3.0
- Premiere Pro CS3
- Production Premium CS3
- ProductionStudio Premium 1.0
